Earl,

Can I get an update on the model/report?

Thanks,

Gary, The model is running much slower this last time than before. I am not sure why, but the results are the same as before. Because more output is being written, it must have hit some threshold where the model run time is much longer. That is my guess. I will check again tomorrow evening and send you an estimate on when everything will be completed.

Earl,

Can you let me know the status of the model report?

Thanks,
